JCW Acoustic Supplies

2014

## The Oakwood Group, Blairderry Road, Streatham

Blairderry Road is a predominantly residential development rising to six storeys on a semi-derelict site to the west of Streatham Hill, which will provide 66 residential dwellings and 379m<sup>2</sup> of commercial floor space. The development forms a key part of the regeneration master plan for Streatham District Centre.

Blairderry Road includes a distinctive selection of 1, 2 and 3 bedroom apartments, all designed to complement their urban yet tranquil environment. With easy access to the City of London and Canary Wharf, it's ideal for professionals or investors.

Each new apartment has been sympathetically designed with 21st Century living firmly in mind and the apartment buildings represent the very best in modern urban architecture.
